Sections	Description	Action
AN01	Animation Basics Learn the fundamental principles of animation, including an introduction to body mechanics with basic walks using simple characters.	 DETAILS
AN02	Body Mechanics Take the core concepts of body mechanics to create believable physical movement. You also review a variety of locomotion and movement. Requires passing grade in Animation Basics (AN01).	 DETAILS
AN03	Advanced Body Mechanics You will continue with the same bipedal character from Class Two/Psychology of Body Mechanics and tackle a sequence of shots. This provides the foundation for you to confidently move into the world of acting. You will develop a fuller understanding of fundamental animation principles and more advanced elements of body mechanics, and learn ... MORE	 DETAILS
AN04	Introduction to Acting Breathe life into your characters through believable, sincere, and entertaining performances. You also learn to make entertaining, non-cliché acting choices; understand and apply the value of entertainment and contrast within your work; and find your "voice" as an animator. Requires passing grade in Advanced Body Mechanics (AN03) or Advan ... MORE	 DETAILS
